

It has come to my attention that the Air 1 radio station I listen to in my area could be forced off the air by a LPFM station. Please do not allow this to happen! Air 1 has had a positive impact on our local communities and all over the U.S.A. Air 1 has positive and encouraging messages that serve as a valuable alternative to other radio programs and is family-friendly, supports wholesome values and is enjoyable for all ages. It has had such a powerful impact on my life! I believe very strongly that Air 1 radio has had and will continue to have such a powerful, life changing impact on peoples lives. Because Air 1 radio provides such a vital need for a positive alternative for so many people including myself, I and many thousands of people choose to support Air 1 radio financially. You see Air 1 radio is 100% listener supported and does not rely on commercial support, because we as listeners believe in Air 1 radio and its mission and purpose for why Air 1 exists! Air 1 radio stations that service so many communities exist because of their listeners who support them. Please do not take Air 1 radio off the air in any areas it serves. Without Air 1 radio, lives cannot continue to be changed for the better! You would be taking away our right to freedom of choice, which is one of the many rights we possess as Americans and is what makes America such a great place to live in! Please allow myself and so many other Americans to continue to support and listen to Air 1 radio. Please keep Air 1 radio on the air, on the current FM translators, and preserve this valuable service that Air 1 provides to so many people. Air 1 radio is worth it! Thank you for your consideration.
